Child Safe Standards
The stories and information from the state government’s Betrayal of Trust inquiry have led the government to believe that the whole community must have a very clear and strong focus on these issues to ensure that history does not repeat itself. The Education Department has introduced measures whereby all schools are to review their policies and practices related to the safety of children. Child Safe Standards are in place and we have conducted an audit against the standards and our current documents and procedures. At Baden Powell College, we believe in creating an inclusive school environment that is nurturing and forward thinking and that it is a place where students feel safe, valued and listened to. This approach is reflected in our school guiding principles, which form the basis of our decisions and help us to positively shape our school environment to ensure we reflect this. For us to achieve our vision ‘Looking Forward, Staying Ahead’ we have put in place a series of structures, programs and processes designed to promote student engagement, improve student attendance and enhance student connectedness. The school mantra *I am Responsible, I am Respectful, I Prepared to Learn, I am Safe* are explicitly taught to all students and provide a common language across the school. At Baden Powell College we hold the care, safety and wellbeing of children and young people as a central and fundamental responsibility of our school.

All students enrolled at Baden Powell College have the right to feel safe and be safe. The wellbeing of children in our care will always be our first priority and we do not, and will not, tolerate child abuse. We aim to create a child-safe and child-friendly environment where children are free to enjoy life to the full without any concern for their safety. There is particular attention paid to the most vulnerable children, including Aboriginal and Torres Strait Islander children, children from culturally and/or linguistically diverse backgrounds, and children with a disability. Over the next few weeks we will be providing our staff and College Council with the opportunity to view documentation related to this matter. We will then make all the information available to you.

Character Dress Up Day
What a fabulous day we had last Tuesday when, as a result of Book Week, we had hundreds of children dressed up in some amazing costumes. Lots of super heroes seemed to invade our College and all the money taken is being used to support some special initiatives designed to improve the garden areas in both schools. It is so exciting to see spaces in the garden becoming more interesting with new plants and great designs. Special thanks are extended to all the parents who are taking a lead in this matter.

Father’s Day Stall
Once again our marvellous Parents & Friends are working hard to provide an opportunity for your child to buy a small gift for their Father and by doing so, provide much needed funds for resources to help with your child’s education. Please allow your child to participate in this activity and if you are available to help with the stalls please contact the office at either school. The stall will be conducted at Derrimut Heath on Tuesday the 30th of August and then at Tarneit on the 1st of September. The cost of items sold at the stalls is quite cheap and the items are also attractive to those excellent fathers!

End of Year Concert
At this time of the year we would normally have a team of teachers planning for and organising a College Performance. After due consideration we have made a change to this ritual and instead we have scheduled dates for a College Concert, so please note that **Tuesday the 29th, Wednesday the 30th of November and Thursday the 1st of December** have been set aside for a concert that no doubt your child will be a part of. At this stage it is likely that the super stars of Derrimut Heath will be performing on the 29th and those at Tarneit will be on stage on either the 30th or the 1st. Please just add these dates to your calendar and we will get further information out to you soon.

NAPLAN Results
If you have a child that was involved in the Naplan assessment you will shortly receive your child’s results. I have to say that overall our College results have been very pleasing with an upward trend in most areas assessed, and Year 5 results in some areas we have matched the State. Whilst the results are only one of a suite of assessment results that we use to gauge student progress, it is pleasing to see positive outcomes as a result of such hard shown by our teachers.
Bring Your Own Device

For many years we have provided the opportunity for families to lease a Net Book Computer and over time we have provided iPads for certain programs and a range of other computers to support the learning of our students. We have now decided to initiate a new program - The Bring Your Own Device (BYOD) program. With this we aim to equip students with the relevant eLearning tools that best facilitates their learning and to prepare students with the ICT skills required in the modern workforce and society. We have sent information through Compass and our newsletters and I encourage you to think about providing your child with a digital learning device. What a great idea for a Christmas present!!

Yours in Education, Looking Forward, Staying Ahead,

Julie Mason
College Principal

Year 7-9 Athletics

On Thursday the 18th of August, 24 of our Year 7-9 students attended the Division Athletics day at the VU Track in Hoppers Crossings. The Baden Powell students were very competitive throughout the day and demonstrated great sportsmanship. We achieved some great results with Amothon Dhour (800m), Yabersa Adamu (High Jump) and Rebecca Nyaweeth (Long Jump and Triple Jump) winning their events. These students will now compete in the Region Athletics on Thursday September 15th at the Aberfeldie Athletics track, we wish these student’s good luck at the next level.

Baden Powell Community,

You will have noticed that staff are now using the feature of Newfeeds on your homepage to share College News. This can be specific to your child’s class, Team, Year level or campus.

Please check compass regularly as all College Newsletters are also on here. A courtesy email is sent to notify you that something new has been added to Compass.

Please make sure every time that you access Compass to check that your child’s absences are up to date. You are able to authorise student absences via Compass.

**Calendar Update:** Each day that you log in to Compass you should now automatically see the events that are happening across the College. Please note they will specify the relevant campus and grades that are participating each day. If you do not see them automatically in your newsfeed you can go into your calendar and see the events of each day.

We still have a number of parents who have not logged on to Compass and have therefore not received their child’s report or regular valuable information, please share your positive feedback with your friends and check that they have managed to log on.

If anyone needs any assistance in logging on to Compass, please speak to one of our friendly and helpful administration assistance.

If you haven’t downloaded the application on your phone or iPad don’t forget you can have easy access with our website.
