

BYOD Portal 2020-2021

The Centre Com BYOD portal provides a secure process for parents to purchase and maintain high quality education accredited products for their families.

Our portal is unique for each school and is built with the school to meet your needs.

Who chooses the products for my child's school?

Our Centre Com education specialists work with your school's staff to select the right products for the education program for your school. These are tested at the school to ensure they are the best priced products for your child.

Why are education accredited products important?

Products accredited for education use are specifically designed for school education programs. They have robust features, increased battery life, extended warranties and service arrangements.

Generally retail products are built to different specifications.

- Delivery Schedule: **Order paid by January 15th** will have their orders delivered to school week starting 25th January.
- There may be a delay on the 2F1X8PA, we will notify the school and you if this happen
